

Substance Abuse Prevention Services:

Community and school-based programs, classes, and presentations focusing on the prevention of substance abuse, geared towards youth, families and adults.

Substance Abuse License Appeal Assessment:

This assessment helps document person's recovery efforts as required by the License Appeal Division of the Secretary of State. This process supports the potential return of driving privileges. Prepayment is required.

Medication Assisted Treatment:

Barry County Community Mental Health Authority's substance abuse services program works with a certified Suboxone doctor to help those with narcotics addiction in staying clean and sober and rebuilding their life.

Family Support Subsidy Program:

The program provides financial assistance to families that include a child with severe developmental disabilities. The intent is to help make it possible for children with developmental disabilities to remain with or return to their birth or adoptive families.

Wraparound Services:

This program provides supportive services at home and in the community through collaboration with community partners to ensure safety and stability of families in Barry County.

Barry County Community Mental Health Authority complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.

SERVICES

Persons living in Barry County who want and need help may be eligible for services. The types of services you may receive will be based upon your specific needs and desires.

PRIVACY

Your records are kept electronically in a secured system and are available only to approved staff unless you permit their release in writing. State and Federal Laws guarantee your rights of privacy. All privacy rules and your rights as a client will be explained on your first visit.

COSTS

Fees are based on our cost to provide services. Your part of that fee is set up based upon your ability to pay. NO ONE IS REFUSED MENTAL HEALTH SERVICES IF HE/SHE CANNOT PAY. There are some substance abuse services which require payment in advance.

RIGHTS

Our rights staff can assist you and assure your rights are respected. Our Recipient Rights Staff will help you in filing a complaint if you believe your rights have been violated. You may contact Holly Hess, Recipient Rights Officer at 948-8041.

CUSTOMER SERVICE

Customer Service is available to talk about service concerns and assist with linkage to other services and community resources. You may contact Shelly Martin, Customer Service Representative, at 269-948-8041 and/or SWMBH office at 800-890-3712

Autism Services:

BCCMHA provides services to children under the age of 21 who fall on the Autism Spectrum and meet eligibility criteria.

Outpatient Clinic Services:

Therapy services for persons who need help through a time of severe stress, emotional difficulties, a life crisis, or to overcome substance abuse problems.

Emergency Services:

Mental health emergencies or crisis can happen late at night or on weekends. Services are available 24 hours per day to assist those in need.

After Hospital Care:

Persons released from an inpatient psychiatric hospital or residential services may need help in making changes for life at home. Help is available linking to services and resources after being in the hospital or treatment center.

Psychiatric Services:

Appointments with our doctor for medication reviews may be arranged with other mental health services you are receiving from our agency.

Respite Services:

These services give families short breaks from taking care of a person with developmental disabilities or a child with emotional disabilities.

Supported Employment:

A service to help adults with disabilities to get a job and do well at that job in the community.

Family Services:

A number of services for families who have a child or children with developmental challenges, emotional difficulties or an autism spectrum disorder.

Senior Services:

Therapy services for those over 60 years old provided at the person's home, in our office, or in the community.

Home-Based Services:

Intensive services provided to infants,

children and families in the home, based on the family and child's specific needs.

Community Living Supports:

These services are for persons with mental health or developmental disability needs that make it difficult to live on their own. This service is designed to help persons in increasing productivity, independence, and community inclusion and involvement.

Case Management Services:

These services are for persons with developmental disabilities or emotional difficulty who need a range of services and help in the community. Our case managers can help link persons to services and community resources.

Residential Care Services:

Services and help in finding a place to live for persons with developmental disabilities or mental illness who are not able to live alone.

Peer Support Specialists:

Provide support and guidance to those involved with the mental health and substance abuse system to help them attain wellness and recovery.

Consultation and Prevention Services:

We promote support and teamwork with other groups for those we serve. Education programs and community awareness are offered in an effort to prevent problems and stressors from becoming severe mental health problems.

Intensive Outpatient Program:

A service program that provides more intensive group and/or individual contact designed to help with more urgent emotional and/or substance abuse issues.

Substance Abuse Assessment and Referral:

A stand alone, clinical evaluation to determine potential treatment needs and provide treatment recommendations. are needed.

Prevention services are funded in part by Barry County United Way.
