

BCCMHA cares deeply about keeping our community safe. Therefore, in light of the current pandemic and in response to Michigan's Shelter in Place order, BCCMHA has implemented an updated COVID-19 SERVICE PLAN. This plan is effective starting Monday, March 23, 2020. The updated COVID-19 SERVICE PLAN indicates services will be addressed through telephone or Tele-Health contacts. In addition, the agency has implemented standard screening questions for identifying symptomatic individuals who may require a visit to our facility. Individuals who screen positive to these questions will be offered to either reschedule their appointment or have the appointment via phone.

We will continue to consult with the CDC and the Barry Eaton Health Department and will keep the community updated as things change.

If you have an appointment with BCCMHA and wonder if you should keep it or not, please call 269-948-8041.

Thank you for partnering with us to keep Barry County healthy and safe.

Rich Thiemkey, Executive Director
